Optimizing BPM with Cloud
Computing Technology in
Developing Economy

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | It is no secret that cloud computing will change the IT/business landscape in an unprecedented manner in the next 5 years. Much of the discussion today has been narrowed down to the cost-saving benefits of cloud computing to business enterprise and public versus private cloud debate. However, the potential of cloud computing from a global perspective is far beyond server consolidation and virtualization. Fundamentally, cloud computing shifts the benefits of the open...
