SHAHID SHAHRIARI - MARTYR TO SCIENCE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The aim of The Cultural Front of the Islamic Revolution Series of books from Lion of Najaf Publishers is to provide a truly alternative perspective from that which one has become used to receiving from the mainstream press and publishers. The voices expressed in this series are the genuine revolutionary voices from the heart of the Islamic Revolution of Iran and provide a refreshing change from the -mad mulla- clap-trap of the mainstream media and publishers (and indeed from their -alternative press- loyal opposition). From the Introduction: A number of people were very well familiar with Shahid Shahriari prior to his attaining to his martyrdom. These were people who knew that achieving twenty percent uranium enrichment and many of Iran s other advancements in the field of nuclear science were due in large part to his efforts and that if a day were to come where he were not present or active in the field, the pace of this progress would slow down significantly. The membership of the group of people who were well-informed concerning the importance of Shahid Shahriari was wide-ranging and included the Prime Minister of the Zionist Regime and the heads of the Mossad and CIA, down to the motorcycle rider who attached the bomb to the glass side-panel of Shahid Shahriari s automobile. These were the same people who claimed that the assassination of Shahid Shahriari was a form of unconventional warfare whose purpose was to stop Iran s progress. These were the same people who breathed a sigh of relief upon hearing the news of Shahid Shahriari s martyrdom.
