Forgotten Books, 2017. Paperback. Condition: New. Annotated edition. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Teacher-Employer Relations: An Annotated Bibliography Part of the difficulty arises from a recognition of certain inherent differences between public and private employment on the one hand, and between teaching and other types of public employment on the other. Several unique characteristics do, in fact, set teaching apart from occupations and professions in the private sector and, indeed, from other types of public service. There are, however, enough points of similarity to warrant a careful examination of common factors as well as differences. Thus when we speak of labor relations of public employees, we may appropriately include discussion of public-school teachers. The controversy becomes even more deserving of attention and research in the wake of recent unionization and collective bargaining efforts by teachers in New York City. Their activities are certain to have an impact upon the future course and development of organized teacher-employer relations elsewhere in the United States. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
