## The Bioarchaeology of Space and Place: Ideology, Power, and Meaning in Maya Mortuary Contexts (Hardback)

By -

Springer-Verlag New York Inc., United States, 2014. Hardback. Condition: New. 2014 ed.. Language: English . Brand New Book. The Bioarchaeology of Space and Place investigates variations in social identity among the ancient Maya by focusing on individuals and small groups identified archaeologically by their inclusion in specific, discrete mortuary contexts or by unusual mortuary treatments. Utilizing archaeological, biological and taphonomic data from these contexts, the studies employ a variety of methodological approaches to reconstruct aspects of individuals life-course and mortuary pathways. Following this, specific mortuary behaviors are discussed in relation to their local or regional cultural setting using relevant archaeological, ethnohistoric, and/or ethnographic data in an effort to interpret their meaning within the broader social, political and economic contexts in which they were carried out. This volume covers a number of topics that are currently being debated in Maya archaeology, including identification and discussion of the role and extent of human sacrifice in Maya culture, the use of ancestors for maintaining political power, the mortuary use of caves by both elites and non-elites, ethnic distinctions within urban areas and the extent of movement of people between communities. Importantly, the papers in this volume attempt to test and move beyond static,...
