Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The book is about words which provoked different stories and the images by Camilla visualise a kind of a graphic story around these words. There is no religious meaning just an overall feeling of kindness, caring, compassion and empathy for people and the various emotions one experiences. The reason for putting this book together was a journey for Camilla to understand different purposes and meanings. Each drawing is a question about meaningful words and events.The medium is black pen and edited with Adobe Photoshop to further render details. The title Hidden Words is suitable as it captures the spiritual inner world of words in our life.The outstanding feature in the book is the detail and the fine careful minute drawings of the characters and the peculiarity of items which have a genuine and precious feeling and there is a superb high quality in the careful pen renderings in the book. The images are incredibly beautiful and sensitive.This book is intended for the crazy adult colouring crowd who are enthused by mindfulness and the way colouring promotes a peacefulness and an understanding of connecting with one s inner self. It will also appeal to artists as it depicts a journey into discovering ways of expressing oneself.It has a sense of mystery surrounding the illustrations and there is a preciousness about each drawing. It will allow hopefully the person who takes it up, that is colouring, a real connection with different emotions, feelings, and experiences they go through. At the end Camilla describes how to go about colouring the images as she is an Art Teacher. Enjoy the time enhancing the pages in colour.
