

Global Business Law: Principles and Practice of International Commerce and Investment (Hardback)

Filesize: 8.39 MB

Reviews

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).
(Lexie Paucek PhD)

Carolina Academic Press, United States, 2013. Hardback. Book Condition: New. 3rd. 254 x 175 mm. Language: English . Brand New Book. This text, completely updated from the Second Edition, provides students and practitioners of international business law with a clear "story line" that addresses key questions facing international lawyers as they advise clients on a broad range of business issues especially those of a transactional character. The book's first two chapters are aimed at "orienting", to explain (1) where international business law fits within the larger context of international law, (2) what main legal traditions practitioners will face in working with clients and counsel from other cultures, and (3) what sources of assistance are available to facilitate that work (e.g., local counsel, translators, etc.). Chapters 3 to 6 then march the reader through a variety of critical issues on contract drafting, standard terms (e.g., Incoterms), documentary sales transactions, electronic commerce, and more. Chapters 7 and 8 shift the focus away from sales of goods and toward two related forms of international business that stand partway between commerce and investment namely, licensing of production abroad and international franchising. Then, in Chapters 9, 10, and 11, the book turns to foreign direct investment. Again, the approach is heavily practice-oriented. The book then closes, in Chapters 12 and 13, with a series of "cross-cutting issues" that apply to all forms of international business including dispute resolution, corrupt practices, wire transfers, anti-competition rules, and the like. This structure to the text of Global Business Law reflects the typical progression of interest and involvement by business organizations in the world of commerce, licensing, and investment. That structure, combined with a practice-oriented approach (giving attention to policy and regulatory matters only to the extent that they bear directly on the practice of international business law), yields a text that...
