This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Les dirigeants d entreprises du secteur public et parapublic sont des mandataires sociaux. Ils recoivent des actionnaires de ces entreprises la mission d administrer et de diriger la societe dans le respect des lois en vue de preserver les interets de ces actionnaires. Il peut arriver que les agissements de ces dirigeants, notamment les actes pris dans l execution de leurs missions contreviennent aux dispositions legales et reglementaires et/ou causent un prejudice aux tiers, notamment aux actionnaires, et engagent leur responsabilite. La particularite des dirigeants d entreprises publiques est que leur responsabilite est empreinte d une certaine dualite qui decoule certainement de la double soumission des entreprises du secteur public et parapublic au droit prive et au droit public. Au terme de cet ouvrage, on se rend compte que les legislateurs OHADA et camerounais ont construit un systeme de responsabilite des dirigeants d entreprises publiques relativement etoffe. Cependant ce systeme souffre d une certaine incoherence, de meme qu il apparait assez incomplet au regard de l evolution a travers le monde du droit et des pratiques manageriales.
