Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Taking its thematic structure from the author s previous book of aphoristic philosophy, *Yang and Anti-Yin* (2004-5), this title delves deeper into what he calls noumenal sensibility and its full gender and ideological implications, taking the biblical metaphors of lamb and lion to their ultimate conclusions in what becomes an exact parallel to the yang and anti-yin of our metaphysical and antimetachemical elemental positions. But these elements are also investigated in greater detail, and provide ample scope for the enhancement or clarification of certain terms, including those with other elemental affinities than that with which we are chiefly concerned here. Thus a broadening-out from the central or core position of John O Loughlin s philosophy is once again to the fore, and other positions are accordingly re-evaluated and modified in the light of his principal contentions.
