*It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## BURIED TREASURES OF THE OZARKS (PAPERBACK)

August House Publishers, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Anyone with an interest in the history and lore surrounding treasure will want to read these books. -KLIATT Review By putting many miles on his pickup truck, scouring many old books, journals, and maps, and interviewing countless Ozark natives, W.C. Jameson compiled Buried Treasures of the Ozarks, a collection of 43 legends from Arkansas, Missouri, and Oklahoma. As they are handed down and passed around, these tales share certain elements--mysterious strangers bearing maps, social eccentrics who die rich but spurned, good folk who squander their lives on the search for treasure. Again and again, an untimely death (from pneumonia!) or cave-in, a sudden flagging of hope or interest calls searchers away just when they re on the verge of discovering untold riches. But despite their common themes, the stories are always rooted in local detail and at least partly verifiable fact. And again and again a reader is left with the haunting image of gold or silver deep in some Ozark cave, waiting to be exposed once more to the light of day. These American stories of outlaws and treasure teach readers the importance of resourcefulness, courage and responsibility.
