

Racing Pigeons Advanced Techniques: The Ultimate Guide (Paperback)

Filesize: 8.72 MB

Reviews

This type of pdf is every little thing and helped me searching forward and more. It can be written in easy words and phrases and never hard to understand. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about should you request me).

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Some people will thank me for releasing this others not, as these things suppose to be kept taboo.In the end why am i reveling them ? I truly do not believe that anyone can say about his own birds that are not good enough, or his racing pigeons results are bad, until he has tried everything i have explained in this book. We can compare the quality of our birds with our fanciers friends when everybody does apply the techniques i have explained on this book.Just because other people know what to do in the day of basketing for example, with his birds and you don t, that does not make your birds of an inferior quality, it is the not knowing what other people know, that makes your birds look inferior .i guarantee you that your birds are better then you think they are .I have seen this on many lofts we always blame the birds, but in the end how much do we really know about racing pigeons and how to make them win races ? My point is that we will never know whos birds are better unless we apply everything in racing pigeons sport at the advanced level .because my friends .this is what the champions are doing .they apply everything at the advanced level while others are doing things half way, or keep doing the same old things year after year. On this book you will discover only the special advanced techniques applied by some of the best fanciers and champions in pigeon racing sport, in other words the How to Do It the right way in order to increase your chances of winning...
