BooksMango. Paperback. Condition: New. 210 pages. Dimensions: 8.5in. x 5.5in. x 0.5in. This forthright narrative chronicles the authors 1996 experiences as he adjusts to a massively transformed world. Emerging from 3 years in Saudi Arabia, and the 2 years prior cocooned in academia, he lands in Abu Dhabi to be hit with the triple-whammy of the NWO (1991), the WTO (1995), and the spigot of India Inc. opened wide. Considered too old (at 40) by his feminized native land, and too white-skinned by the Zio-Globalists, he must now face hostile (multicultural) politics and the economic subterfuge orbiting a liberal American empire dedicated to outsourcing and open borders. Follow this Engineers eclectic adventures from the U. A. E. , Malaysia, and England Book-1 then on to India Book-2 as he somehow negotiates a series of traps, obstacles, and near calamities while occasionally pausing to seduce a few of the worlds most exotic women. This true, instructional, and entertaining testimony delivers a slew of lessons about how the 1990s cemented the fiscal and chronically unemployed quagmire plaguing the Western World since Y2K. Mesmerized by the Clinton White House, most people refused to listen back then. Twenty or more years on, could this book open your eyes now This item ships from multiple locations.
