

Diseases of the Lungs Their: Pathology, Symptomatology, Diagnosis and Treatment (Classic Reprint) (Paperback)

By Charles Gatchell

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Diseases of the Lungs Their: Pathology, Symptomatology, Diagnosis and Treatment The purpose in preparing this work has been to present to the profession the subject of diseases of the lungs in a form which, while not too much condensed, yet partakes of the character of an epitome. The effort has been to give every topic belonging to each diseased condition in a form readily accessible, and at the same time in such shape as to be of practical value. In the matter of the treatment of the various diseases no attempt at condensation has been made; it is given as fully as would be done in a larger work. Especial care has been taken, also, to present the important subject of pathology in a manner to be of value to the student as well as to the studious physician. Departure from usual methods of classification of some diseases will be found. Thus, broncho-pneumonia, because in its pathology, its clinical history and its therapeutics it is related to bronchitis rather than to pneumonic fever, is considered in connection...
