RUBY LAKE BOOK ONE OF THE RUBY SERIES VOLUME 1

Ron Howson. Paperback. Condition: New. 254 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. A conspiracy theorists delight! The author builds on our common feeling that we are not being told everything. Good luck sleeping after reading this book! TJ - California Two Iraqi War veterans, now fed-up and disgruntled Government employees, are sent on one last job after submitting their resignations. Something is killing the fish at Ruby Lake: they need to find out what. It is a simple task: take some water and soil samples and send them to the lab. However, it isn't just fish that are being killed when they get there, and the job is anything but simple, but it's never been their job to do the easy stuff. Although they were asked to go, as they get deeper and deeper on this one last assignment, it appeared they were never meant to come back. No longer knowing who to trust, they uncover competing conspiracies, one to enslave Man, and one to exterminate him completely. Thrown into an epic struggle for their lives and the lives of the surprising allies they find, it is a race against time. The survival of Mankind now rests on the shoulders of two gun-toting Scientists. What future it has, if it is to have one at all, will depend on the brilliance and the bravery of these two Veterans and their dog, Bo. This item ships from multiple locations.
