Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Mathematics is a universal language that not only humans use it but is also used by chemical elements and molecules that follow mathematical models, many physical phenomena are develop conform to mathematical principles such as the winds and waves of the sea, geomorphology, plant morphology, animal anatomy and movements of the stars, planets, satellites and comets follow mathematical principles. The man did not invent the mathematics because this one is much older than him, but he learned to interpret it and to use it to its own benefit. Nowadays computers are used to perform the most complex calculations. However, until about 50 years ago, mathematicians did their calculations by hand, using pencil and paper. To learn math it is necessary to do calculations by hand and mental. Therefore, this gridbook is a stimulus for you to make calculations by hand, in the style of the old mathematicians like Pythagoras, Archimedes, Newton or Einstein. It does not matter if you only calculate sums and subtractions, or multiply and divide. or you go further and solve quadratic equations, derivations, integrals. One of the most..
