THE DARKNET: MURDER BY MUNCHAUSEN #2 (PAPERBACK)

Electron Alley Corporation, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A police procedural thriller ripped from future headlines! It was the case of a lifetime.but then it went sideways on her. The serial killer Maddie put behind bars might have been crazy but it turns out he was innocent, and now she finds herself hunting robot killers in the Artificial Crimes Unit. Worse yet, she s partnered up with Jake, her former lover. When androids are hacked and reprogrammed into hit men, Maddie and Jake investigate and track down the hackers. But now, an evil genius is using droids to recreate the infamous Jack the Ripper murders. It might not make sense, but the beloved Media tags it Murder by Munchausen. For a price, there are hackers out there who will reprogram a synthoid to do your dirty work. The bad news: no fingerprints or DNA left at the crime scene. The good news--at least for us--is that they re like missiles: once they hit their target, they re usually as harmless as empty brass. The trick is to get them before they melt down their core OS data, so you can get the unit into forensics for analysis and, hopefully, an arrest. [excerpt from Murder by Munchausen] Artificial Intelligence? Fuhgeddaboutit! Artificial Evil has a name.Munchausen.
