## THE REALLY INCONVENIENT TRUTHS: SEVEN ENVIRONMENTAL CATASTROPHES LIBERALS DON'T WANT YOU TO KNOW ABOUT - BECAUSE THEY HELPED CAUSE THEM

Regnery Publishing Inc. Hardback. Book Condition: new. BRAND NEW, The Really Inconvenient Truths: Seven Environmental Catastrophes Liberals Don't Want You to Know About - Because They Helped Cause Them, Iain Murray, Al Gore is bad for the planet. Talk about really inconvenient truths--that's one of the many you'll find in Iain Murray's rollicking expose of environmental blowhards who waste more energy, endanger more species, and actually kill more people (yes, that's right) than the environmental villains they finger. Did you know that estrogen from birth control and "morning after" pills is causing male fish across America to develop female sex organs? Funny how "pro-choice" and "environmentalist" liberals never talk about that. Or how about this: the Live Earth concert to "save the planet" released more CO2 into the atmosphere than a fleet of 2,000 Humvees emit in a year? We hear a lot about AIDS in Africa, but the number one killer of children in much of Africa is malaria--and guess who was responsible for banning the pesticide that used to have malaria under control? Iain Murray, a sprightly conservative environmental analyst with a long record of skewering liberal hypocrisy, has dug up seven of the all-time great environmental catastrophes caused by the Left and exposed them in *The Really Inconvenient Truths*. Murray lays bare: \* How ethanol, the liberals' favorite fuel, is destroying the world's rainforests--and could cause global food shortages \* How Al Gore's hero Rachel Carson cost the lives of millions of Africans through her efforts to ban DDT \* How the environmentalists have covered up the polluting effects of contraceptive and chemical abortion drugs \* How the Endangered Species Act actually endangers species \* How Gore's vision of greater state control over the economy has already produced some of the greatest environmental disasters in history All of...
