Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.With *Love and Providence*, Aaron Brookes seeks to fill this gap. He begins by introducing the meaning of recognitions in the ancient novel both within the novels narrative structure and thought world--that is, the values and ideals propounded in the narrative. He pursues these goals while examining novels by Chariton, Xenophon of Ephesus, Achilles Tatius, Longus, Heliodorus, Apuleius, and Petronius, as well as the *Life of Apollonius of Tyre*, the pseudo-Clementine recognitions, and the Jewish novel *Joseph and Aseneth*. In addition to addressing questions brought about by the recognitions--What does it mean for lovers to recognize each other at the end of their adventures? Is recognition the confirmation of sameness or an acknowledgement of change?--Montiglio addresses the rapport novelists entertain with their literary tradition, epic and drama. The book concludes by emphasizing the originality of the novels for the development of the recognition motif, and by explaining its influence in early-modern European literature.
