Wharton on Managing Emerging Technologies

By Robert E. Gunther, George S. Day, Paul J. H. Schoemaker

John Wiley and Sons Ltd. Paperback. Book Condition: new. BRAND NEW, Wharton on Managing Emerging Technologies, Robert E. Gunther, George S. Day, Paul J. H. Schoemaker, Emerging technologies such as the Internet and biotechnology have the potential to create new industries and transform existing ones. Incumbent firms, despite their superior resources, often lose out to smaller rivals in developing emerging technologies. Why do these incumbents have so much difficulty with disruptive technologies? How can they anticipate and overcome their handicaps? Wharton on Managing Emerging Technologies presents insights, tools, and frameworks from leading business thinkers based on the research of Wharton's Emerging Technologies Management Research Program. This pioneering industry-academic partnership, established in 1994, is one of the longest and broadest initiatives on the management of emerging technologies. For the first time, this book distills the insights from the program into a single volume for managers, covering a wide range of issues related to the successful management of emerging technologies. The editors contend that managing emerging technologies represents a "different game," requiring a different set of management skills, frameworks, and strategies than those used by established firms to manage existing technologies. In this book, experts from diverse fields examine key issues such...
