

Solutions for a Small Planet, Volume 1

Filesize: 6.1 MB

Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.

(Prof. Vanessa Smitham V)

Light Technology Publications, United States, 2010. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Gaia says: As you read through these pages, some messages will stand out more than others. It is likely that you will hear my voice speaking directly to you and through you. When this happens, let your imagination stoke the bonfire of truths that was born within you long ago. Like a flame that cannot be extinguished, you will reawaken long-forgotten memories and movements of the soul. You will revive and regenerate moments, such as the one when your soul selected this life as potent and pivotal- a bright light against a dark backdrop. Humanity is not in a freefall or a tailspin, and Earth is not inside out or upside-down, yet there is not a moment to lose, for life is long, but time is short.
