

Trends in Atomic and Molecular Physics (Paperback)

Filesize: 1.49 MB

Reviews

This composed publication is fantastic. This is certainly for all those who state that there was not a well worth reading through. You will not truly feel monotony at whenever you want of your respective time (that's what catalogs are for regarding when you ask me). (Prof. Mark Ratke Jr.)

TRENDS IN ATOMIC AND MOLECULAR PHYSICS (PAPERBACK)

To download **Trends in Atomic and Molecular Physics (Paperback)** eBook, remember to click the button under and download the ebook or get access to additional information which are highly relevant to TRENDS IN ATOMIC AND MOLECULAR PHYSICS (PAPERBACK) book.

Springer-Verlag New York Inc., United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Contemporary research in atomic and molecular physics concerns itself with studies of interactions of electron, positron, photons, and ions with atoms, molecules, and clusters; interactions of intense ultrashort laser interaction with atoms, molecules, and solids; laser assisted atomic collisions, optical, and magnetic traps of neutral atoms to produce ultracold and dense samples; high resolution atomic spectroscopy and experiments by using synchrotron radiation sources and ion storage rings. In recent years, important advances have been made in the experimental as well as theoretical understanding of atomic and molecular physics. The advances in atomic and molecular physics have helped us to understand many other fields, like astrophysics, atmospheric physics, environmental science, laser physics, surface physics, computational physics, photonics, and electronics. XII National Conference on Atomic and Molecular Physics was held at the Physics Department, M. I. S. University, Udaipur from 29th Dec. 1998 to 2ndJan. 1999 under the auspices of the Indian Society of Atomic and Molecular Physics. This volume is an outcome of the contributions from the invited speakers at the conference. The volume contains 24 articles contributed by the distinguished scientists in the field. The contributors have covered a wide range of topics in the field in which current research is being done. This also reflects the trend of research in this field in Indian universities and research institutes. We are grateful to the national programme committee, national, and local organizing committees, and members of the Physics Department and Computer Centre, M. I. Softcover reprint of the original 1st ed. 1999.
