Munshiram Manoharlal Publishers Pvt. Ltd., New Delhi, India, 1983. Cloth. Book Condition: New. Dust Jacket Condition: New. First Edition. In a most comprehensive and thorough analysis, the present work identifies Mithuna or Male-Female theme as a symbol pure and simple that occurs and recurs under many contexts and representational assumptions in different phases of Indian culture, art and thought. The author has brought out an exposition of the Mithuna symbol treating fully its implications in manifold contexts and areas of thought such as One And The Many, Male and Female, As An Idyllic Concept, Dampati, Incomplete Mithuna, Eternal Mithuna And Sahaja. As such this symbol now forms the key to analysing several basic ideals permeating different Indian metaphysical systems and mythical formulations as well as their tangible projection in art and iconography through the ages. The accented expression of Mithuna in Indian art and ritual has ever been a thing of wide interest both to scholars and general readers. Dr. Agrawala's work studies this greatly fascinating subject in a new and comprehensive setting, treating the Indian Male-Female theme for the first time in the widest possible range of its existence from prehistoric ages to pre-modern times and of its multiple presence in religious, social and philosophical ideologies and art. Printed Pages: 140 with 223 b/w and 18 four-colour illustrations. Size: 23 Cms x 29 Cms.
