Excerpt from Annual Report of the Public Trustees of the Boston Elevated Railway: For the Year Ending December 31, 1928 This tenth year also brings to a close the minimum period of public control provided for in the Act of 1918. On that date the terms of office of the trustees ended, except as they held office until the appointment of their successors. A new board was appointed by His Excellency, Gov. Alvan T. Fuller, in December, 1928. The new board, as then appointed, and which signs this annual report, includes three new members, one who was appointed on September 21, 1921, and one who was a member of the original board of 1918. It is fitting that in presenting this tenth report we should review the achievements of the retiring board, into whose hands was placed ten and one-half years ago the difficult task of rehabilitating the Elevated Railway, restoring it to a sound financial condition and bringing the service into closer approximation of efficiency. A detailed study of the ten-years record is in preparation and will be available; space within this report permits only a brief summary of the period s achievements, to indicate to the public what it has received in the way of bettered transportation service under public control.
