Friesenpress, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.At the Garden s Gate is the story of one woman s personal journey in creating a meadow, when going green wasn t an everyday word. As the author follows her passion to learn about medicinal and edible plants, a meadow evolves that supports growth-both natural and personal. During this process, she reconnects with her Native American heritage, learning the wisdom of the Medicine Wheel and its teachings. This is a story of partnership with the land, a story of personal discovery and love of nature. Stories-our personal narratives-have meanings on many levels. Using story in the ancient ways of her Native American elders, the author offers insight, wisdom and conveys an impetus to create connections with nature in our daily lives. We are on the cusp of creating a new Earth, one of collaboration, of cooperative effort that recognizes our hearts. One our soul can align with. The garden becomes our centering place. It beckons us through a gate of new understandings and growth. The garden s gate offers us a doorway into our deeper self. The garden s path offers a way to remember and to be with self, in stillness, meandering onto unknown pathways that can twist and turn but are filled with such beauty. For that is who we are, co-creators, one with all of creation.
