Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Health Education: A Suggested Procedure for Teaching Alcoholism and Narcotism, 1930 Chapter 96, Public Laws of 1929, requires the public schools to furnish adequate and scientific instruction in alcoholism and narcotism. The same act directs the State Superintendent of Public Instruction to prepare or cause to be prepared a course of study on health education which shall contain suggestions as to methods of instruction, lists of accurate and scientific source material, and lesson plans for instruction in the effect of alcoholism and narcotism on the human system. Work in this subject is made a part of the work in each grade necessary for the promotion of children from one grade to another. The completion of the work suggested in this bulletin will, in my opinion, constitute a substantial compliance with the provisions of the law.
