AUTOMATED METADATA IN MULTIMEDIA INFORMATION SYSTEMS (PAPERBACK)

Morgan Claypool Publishers, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Improvements in network bandwidth along with dramatic drops in digital storage and processing costs have resulted in the explosive growth of multimedia (combinations of text, image, audio, and video) resources on the Internet and in digital repositories. A suite of computer technologies delivering speech, image, and natural language understanding can automatically derive descriptive metadata for such resources. Difficulties for end...

Reviews

A must buy book if you need to adding benefit. It is actually writer in basic phrases and never difficult to understand. I found out this book from my dad and i advised this publication to find out.

-- **Miss Camila Schuppe III**

An incredibly wonderful ebook with lucid and perfect answers. It is writer in easy words instead of difficult to understand. Its been printed in an exceptionally easy way in fact it is simply following i finished reading this publication in which really modified me, modify the way i think.

-- **Mr. Keyshawn Weimann**

These kinds of ebook is the ideal book readily available. Better then never, though i am quite late in start reading this one. You may like the way the blogger publish this ebook.
