

Alex and Me: How a Scientist and a Parrot Discovered a Hidden World of Animal Intelligence and Formed a Deep Bond in the Process

By Irene Maxine Pepperberg

Scribe Publications, Australia, 2009. Paperback. Book Condition: New. New edition. 208 x 136 mm. Language: English . Brand New Book. A moving tribute that beautifully evokes the struggles, the initial triumphs, the setbacks, the unexpected and often stunning achievements while uncovering cognitive abilities in Alex that no one believed were possible. Publishers Weekly On September 6, 2007, an African Grey parrot named Alex died prematurely at age thirty-one. His last words to his owner, Irene Pepperberg, were You be good. I love you . What would normally be a quiet, very private event was, in Alex s case, headline news. Over the thirty years they had worked together, Alex and Irene had become famous - two pioneers who opened an unprecedented window into the hidden yet vast world of animal minds. Alex s brain was the size of a shelled walnut, and when Irene and Alex first met, birds were not believed to possess any potential for language, consciousness, or anything remotely comparable to human intelligence. Yet, over the years, Alex proved many things. He could add. He could sound out words. He understood concepts like bigger, smaller, more, fewer, and none. He was capable of thought and intention. Together,...
