

Agape: A Book of Love (Paperback)

By Howard West

Lulu.com, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.When a person is under the influence of a drug like, let s say cocaine; an organic chemical called dopamine is produced in the person s Ventral Tegmental Region of the brain. The Ventral Tegmental Region of the brain is termed by psychology as the Reward Center of the brain. It is associated with our wants, focus, motivations, and cravings. Surprisingly, when a person is in love, the same dopamine is produced in the Ventral Tegmental Region or Reward Center of the brain. Thus, Internal Love (i.e. being in love) is considered by some as an invisible narcotic because; it acts on the same principle as drugs. This book will teach its reader how to break that cycle through in-depth discussion on the following: 1.What true love is 2.What relationships are all about 3.The difference between loving someone and being in love with someone 4.How to mature in love 5.How lovers can live together in a home of peace and harmony.
