ICT FLUENCY AND HIGH SCHOOLS: A WORKSHOP SUMMARY (PAPERBACK)

National Academies Press, United States, 2006. Paperback. Condition: New. New. Language: English . Brand New Book. Information and communications technology (ICT) pervades virtually all domains of modern life-educational, professional, social, and personal. Yet although there have been numerous calls for linkages that enable ICT competencies acquired in one domain to benefit another, this goal has largely remained unrealized. In particular, while technology skills and applications at work could be greatly enhanced by earlier complementary learning at school-particularly in K-12 education,...
