Today, we are constantly under pressure to live up to the standards of living that materialistic companies establish for us. The way you dress, the phone you have, and the car you drive have come to serve as billboards for the rest of the world to know how much your job and you are worth. Every major holiday comes with a whole new line of commercials and advertisements that encourage you to buy the next great thing, or else you will be missing out on a great chance to show off what you can afford. Our worth is constantly challenged by corporations who benefit from the insecurity of always wanting more. Minimalism is the answer to your desire to break away from expectations set up by a commercial- drive society. It is a way of life that allows you to let go of the fear of losing your money and possessions, so that you can enrich your life in other meaningful ways. In this book, you will learn what minimalism is, as well as the many ways you may benefit from this lifestyle.
