Plunkett Research, Ltd, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Green technology initiatives are becoming pervasive around the world and in virtually all industry sectors. For example, construction projects of all types are becoming green at a rapid clip, from new homes to giant office towers. Consumer products and food products are emphasizing green components. Even textile and apparel makers are emphasizing recycled, natural fabrics. Investment in green facilities and technologies will grow exponentially once a tipping point occurs that proves true economy of scale and solid return on investment. This carefully-researched book covers exciting trends in green technologies and supply chains, manufacturing, research, development and businesses of all types. It includes a thorough market analysis as well as our highly respected trends analysis. You ll find a complete overview, industry analysis and market research report in one superb, value-priced package. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. This book also includes statistical tables, an industry glossary and thorough indexes. The corporate profiles section of the book includes our proprietary, in-depth profiles of the 300 leading companies in all facets of the green technology sector. Purchasers will find a form in the book enabling them to register for 1-year, 1-seat online access to tools at Plunkett Research Online, including the ability to view the market research/industry trends section and industry statistics. You have access, at no additional charge, to the very latest data posted to Plunkett Research Online.
