

James May's Toy Stories: Scalextric Handbook

By James May

Bloomsbury Publishing PLC. Hardback. Book Condition: new. BRAND NEW, James May's Toy Stories: Scalextric Handbook, James May, Fresh from his world record attempt at the legendary Brooklands motor racing circuit, in which the Toy Stories team built a 2.7-mile circuit entirely out of Scalextric track, James May re-enters the world of Scalextric, Britain's leading slot-car racing brand. Remembering many childhood hours spent recreating the thrills and spills of Goodwood, Silverstone and Brands Hatch, James examines the development and expansion of Scalextric from its true British roots to its international appeal today. He investigates the history of the brand, documenting the greatest sets and cars ever produced - including Formula 1, rally, touring cars and Le Mans. James also looks at what it takes to be a Scalextric champion, the essential elements of good track design, how to customise your racer and gets technical with the difficulties involved in scaling a full-size performance car down to an accurate, working slot-car.

Here is the finest publication we have read right up until now. It is actually writter in easy words instead of difficult to understand. Its been written in an remarkably easy way in fact it is only right after i finished reading this book in which basically changed me, modify the way i really believe.
