

## Understanding and Treating Military Sexual Trauma

By Kristen Zaleski

Springer-Verlag GmbH Apr 2015, 2015. Buch. Book Condition: Neu. 23.5x15.5x cm. Neuware - This thorough analysis of sexual assault in the military examines the scope of this long-neglected issue using a lens informed by modern day attachment and trauma theories. Starting with an overview of sexual violence during wartime, it details the cultural and organizational aspects of military life--and entrenched ideas about war and masculinity--that compound military sexual trauma (MST) and reinforce barriers to treatment for women and men. The book's second half reviews empirically-supported interventions for MST survivors, recommending therapy that attends to somatic, implicit, relational based aspects of trauma processing rather than the conventional cognitive therapies currently funded in many military mental health programs. This powerful presentation, which includes sobering quotes from survivors, also raises serious questions about meeting veterans' needs, training for on- and off-base clinicians, and government funding. Included in the coverage: The history of sexual violence in war. Trauma and recovery in military culture. The neurobiology of trauma. A military rape sub-culture hypothesis about the hidden sexual assault epidemic. How military culture and military law affect the immediate aftermath of MST. Treating the trauma and not just the memory. Questions the 'one size fits all'...

### Reviews

*This composed publication is fantastic. I was able to comprehend everything using this composed e book. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- Miss Ova Kuhn IV

*It is one of the best books. Better than never, though I am quite late in starting to read this one. You won't feel monotony at any moment of the time (that's what catalogues are for regarding in the event you check with me).*

-- Dr. Kristin Dickens
