Palgrave MacMillan, United Kingdom, 2016. Hardback. Condition: New. 1st ed. 2016. Language: English . Brand New Book. This book sheds new light on the advancement of various industries in developing Asian countries through an application and re-examination of catch-up industrialization theory. With contributors presenting their own perspectives on the progression of a range of different industries in Asia, this volume provokes readers to reconsider their current understanding of industrialization in latecomer countries. More specifically, the chapters discuss Taiwan s semiconductor industry, Korea s steel industry, and Malaysia s palm oil industry, amongst others. The authors also explore the catch-down innovation strategy in China and India. *Varieties and Alternatives of Catching-up* provides a thorough analysis of the strategies employed by numerous Asian countries to radically transform their low-income agricultural economies to middle-income industrialized ones. This book is essential reading for researchers and scholars interested in Asian economic development.
