POLLEN MORPHOLOGY OF SOME MEDICINALLY IMPORTANT HERBAL SPECIES

Zubaida Yousaf
Sana Akram
Ying Wang
**Pollen Morphology of Some
medicinally important
herbal species**
From tropical and subtropical regions of Pakistan

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | From tropical and subtropical regions of Pakistan | There are many disciplines associated with taxonomy which are used by taxonomists as an aid or to improve the identification, classification and to remove existing taxonomic confusions. Among these disciplines palynology is one of the most significant tool used by modern taxonomists to identify and differentiate closely related taxa. Pollen characters have received great attention in taxonomic classification as they show more stability in...
