Keep Out of Reach of Children: Reye's Syndrome, Aspirin, and the Politics of Public Health (Paperback)

By Mark A. Largent

Bellevue Literary Press, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. A fascinating history of a public health crisis. Compellingly written and insightful, *Keep Out of Reach of Children* traces the discovery of Reye's syndrome, research into its causes, industry's efforts to avoid warning labels on one suspected cause, aspirin, and the feared disease's sudden disappearance. Largent's empathy is with the myriad children and parents harmed by the disease, while he challenges the triumphalist view that labeling solved the crisis. --ERIK M. CONWAY, coauthor of *Merchants of Doubt* Largent's engaging and honest account explores how medical mysteries are shaped by prevailing narratives about venal drug companies, heroic investigators, and Johnny-come-lately politicians. --HELEN EPSTEIN, author of *The Invisible Cure* Fascinating. Thought-provoking. --Booklist Well-researched. A revealing work. --Kirkus Reviews Reye's syndrome, identified in 1963, was a debilitating, rare condition that typically afflicted healthy children just emerging from the flu or other minor illnesses. It began with vomiting, followed by confusion, coma, and in 50 percent of all cases, death. Survivors were often left with permanent liver or brain damage. Desperate, terrorized parents and doctors pursued dramatic, often ineffectual treatments. For over fifteen years, many...

Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Kaycee McGlynn**

An incredibly amazing book with perfect and lucid information. I was able to comprehend everything using this written ebook. I realized this book from my dad and i advised this ebook to understand.
