

iWork '05: The Missing Manual

By David Pogue

O'Reilly Media, Inc. USA. Paperback. Book Condition: new. BRAND NEW, iWork '05: The Missing Manual, David Pogue, Introduced by Apple in January 2005, iWork '05 is an innovative new suite of document and presentation software that's the same caliber as Apple's groundbreaking digital media applications and that's wholly dedicated to what Mac users like you care about most: artistry and creativity. iWork '05 isn't about "office productivity" - it's about creating slick and stylish documents and cinema-quality digital presentations that say precisely what you want them to say. While iWork '05 helps you create stunning documents and presentations, the suite doesn't come with any in-depth documentation of its own. That's where "iWork '05: The Missing Manual" comes in. The book that should have been in the box, it gives you everything you need to master iWork '05. Seamlessly integrated with the wildly popular iLife '05 and designed to take advantage of the advanced typography and graphics engine of Mac OS X, iWork is actually two separate programs: Pages and Keynote 2. Pages is a brand-new, streamlined word processor and page layout program that allows non-professionals to quickly and painlessly produce gorgeous brochures, newsletters, letters, invitations, product data sheets, and more....
