Reviews

Completely among the finest book I have actually read through. It is probably the most remarkable book we have study. I discovered this book from my dad and i suggested this book to learn.
(Georgiana Pacocha)

THE NATURE OF MUSIC, ORIGINAL HARMONY IN ONE VOICE (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Nature of Music, Original Harmony in One Voice This work was originally planned in two parts, but only six chapters and one section of Chapter VII which was to conclude Part I, were written at the time of the author s death, Monday, April 22, 1907. The one section of Chapter VII has been omitted from the book because it was not left in the form in which it would have been published. The title of the chapter is Potential Harmony of Melody. Expansion of Tonality. Chromatic Harmony. Modulation. Asterisks in the manuscript have been preserved in the text; they indicate where footnotes were to have been supplied. Dates in the manuscript show that Chapter III was finished during September, 1904, and Chapter IV April 9, 1905. These six chapters unrevised are published as they were left, with one exception. To make space for the examples on page 238 a sentence has been omitted. It reads, Thus the full thorough-bass index of the above terce-form would be 6/3 of which 6 is the abbreviation. The Bird-songs published as an appendix were probably not intended to form a part of the book, but I wish to preserve them and they may be of interest. Twenty-five, Nos. 62-86, are entitled Birds of Idle-wild 1903, however with the exception of a few from Silver Lake near Oconomowoc most of these songs were heard and recorded during several summers at Idlewild near Sturgeon Bay, Wisconsin. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally...
