UNDERSTANDING DEPRESSION ANATOMICAL CHART

Lippincott Williams and Wilkins, United States, 2007. Wallchart. Condition: New. 2nd edition. Language: English . Brand New Book. Simplified and updated from the previous edition, Understanding Depression 2E provides an easy-to-understand visual and textual overview of the most important aspects of depression. It defines depression and three main types of this serious medical condition: major depression, dysthymic disorder/dysthymia, and bipolar disorder. The areas of the brain affected by depression are defined and illustrated. Structures of the limbic system are also shown,...

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
