

## Stability and Discontinuous Bifurcations in Vibroimpact System

Filesize: 8.3 MB

### **Reviews**

*Totally one of the best pdf We have possibly study. Yes, it really is perform, continue to an interesting and amazing literature. I am happy to let you know that this is the very best ebook i actually have go through in my personal life and can be he best pdf for possibly.*

## STABILITY AND DISCONTINUOUS BIFURCATIONS IN VIBROIMPACT SYSTEM

To get **Stability and Discontinuous Bifurcations in Vibroimpact System** eBook, remember to refer to the button below and download the ebook or have accessibility to other information which are have conjunction with STABILITY AND DISCONTINUOUS BIFURCATIONS IN VIBROIMPACT SYSTEM book.

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Numerical investigations | There is detailed numerical investigation of dynamical behaviour of two-body 2-DOF vibroimpact system under periodical excitation in this work. We consider systems of two kinds: with rigid and soft impacts. We compare two ways of impact simulation and evaluate the possibility of their application for these systems. It is simulation by relations of stereomechanic shock theory and by nonlinear interaction force based on quasistatic contact Hertz's theory. We use numerical parameter continuation method for construction the loading curves and amplitude-frequency responses. We find out instability zones, bifurcations, particularly the discontinuous bifurcations which are the dangerous ones. We obtain the periodic, quasiperiodic, chaotic regimes of system motion. We construct Poincare sections, Fourier spectrums, and Lyapunov exponents for confirming the periodicity or chaoticity of obtained regimes. We show how the system parameters modification may change the impact kind in system - from rigid to soft, and how the dynamic characteristics change thereat. Description is accompanied by the great numbers of graphs and Tables that illustrate the results of huge numerical experiments volume. | Format: Paperback | Language/Sprache: english | 120 pp.
