It is in a single of the most popular ebook. It really is simplified but excitement in the fifty percent from the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Excerpt from A Preservative Against Popery, in Several Select Discourses Upon the Principal Heads of Controversy Between Protestants and Papists, Vol. 1: Being Written and Published by the Most Eminent Divines of the Church of England, Chiefly in the Reign of King James II IV. If on this occasion an enumeration should be made of the punishments which the laws have provid Against the Exercise of Episcopal Power by Popish Bishops Against the keeping of Popish Schools and Seminaries Against the giving Protections to English and Irish Priests and, Against the pervertin or attempting to pervert any Protestant subject to the Romis Religion. This might look like a design to stir up prosecutions, and which I dare sa is very far from being in any one s desire or intention, wit out such provoca tions on their part, as render them evidently necessary. But when the laws on one hand are so strong against them, and on the other hand are suffered to sleep, it might well be ex pected, that both priests and people should retain a grateful sense of the lenity of the government, and take care to behave in the most cautious and inoffensive manner, especiall when their known attachment to two foreign heads renders t em so liable to be suspected, and would well justify the Government in keeping the strictest eye over them and their behaviour.
