

## Pocket Guide to Clinical Microbiology (Paperback)

Filesize: 5.64 MB

### **Reviews**

*Completely essential go through ebook. It can be written in basic phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Jessy Collier)*

## POCKET GUIDE TO CLINICAL MICROBIOLOGY (PAPERBACK)

To download **Pocket Guide to Clinical Microbiology (Paperback)** PDF, you should click the link beneath and download the ebook or have access to additional information which are have conjunction with POCKET GUIDE TO CLINICAL MICROBIOLOGY (PAPERBACK) ebook.

American Society for Microbiology, United States, 2004. Paperback. Condition: New. 3rd Revised edition. Language: English . Brand New Book. The reorganized and updated Pocket Guide to Clinical Microbiology, Third Edition, continues to present valuable quick-reference information to the clinical microbiology community in a small package. Easily portable, this new guide retains the format of the previous two editions--condensed information on detection and identification of clinically important microbes. The new edition introduces a second author, specifically on the mycology and mycobacteriology sections, and reflects changes in taxonomy and the emergence of new pathogens and diseases. Reorganization efforts yield the integration of information into separate diagnostic sections, covering bacteria, viruses, fungi, and parasites. Another added feature is the increased use of summary tables, which results in a user-friendly Pocket Guide. The third edition is specifically organized to complement the Manual of Clinical Microbiology, 8th Edition. Beyond its utility as a handy laboratory resource, the Pocket Guide to Clinical Microbiology, 3rd Edition, is also a practical tool for teaching medical technologists, pathology residents, and infectious disease fellows and offers a critical starting point for further research on topics presented. This title is published by the American Society for Microbiology Press and distributed by Taylor and Francis in rest of world territories.
