

## Obamacare: Healthcare Apocalypse (Paperback)

By Jason Miller

Post Hill Press, 2013. Paperback. Condition: New. Language: English . Brand New Book. An Obamacare book like no other, Obamacare: Healthcare Apocalypse not only lays out all of the core components of the Patient Protection and Affordable Care Act, but also provides a detailed analysis of the long-term impacts of this massive federal intrusion into healthcare. Whether by intentional design or as the byproduct of bad law, Obamacare will literally and figuratively tax the current, and effective, predominantly employment-based third-party payor system to the breaking point, paving the way for full-scale government intervention in the form of socialized medicine. Obamacare will accomplish this feat under the guise of consumer protections but the real impact of Obamacare will be felt slowly over time as a series of delayed-implementation time bombs erupt with damaging consequences. The recipe for financial disaster that Obamacare concocts will slowly erode the private sector health insurance industry and tempt employers to pay the penalty instead of providing more costly qualified coverage for employees.
