## Can Teachers Own Their Own Schools?: New Strategies for Educational Excellence

By Richard K. Vedder

Independent Institute, U.S., United States, 2000. Paperback. Book Condition: New. 230 x 153 mm. Language: English . Brand New Book. Despite more than 15 years of effort, it is widely acknowledged that internal reform of the public schools has produced little, if any, success. This has led to renewed interest in alternative forms of educational delivery to devolve decision-making through charter schools, public and private voucher plans, contracting out educational services, and home schooling. However, such reforms have largely been resisted by public school interest groups, including teacher unions, state departments of education, colleges of education, and school board and administrator organizations that have fought any but the most benign changes. Less attention has been given to another option that has been quietly growing in importance: private, for-profit schools. Firms in the private sector are typically more productive and responsive to consumer demands than their public sector counterparts. Can Teachers Own Their Own Schools? examines the economics, history, and politics of education and argues that public schools should be privatized. Privatized public schools would benefit from competition, market discipline, and the incentives essential to produce cost-effective educational quality, and attract the additional funding and expertise needed to revolutionize school systems. Drawing...
