

Invisible Asians: Korean American Adoptees, Asian American Experiences, and Racial Exceptionalism (Hardback)

Filesize: 2.36 MB

Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

Rutgers University Press, United States, 2016. Hardback. Condition: New. Language: English . Brand New Book. The first Korean adoptees were powerful symbols of American superiority in the Cold War; as Korean adoption continued, adoptees visibility as Asians faded as they became a geopolitical success story - all-American children in loving white families. In *Invisible Asians*, Kim Park Nelson analyzes the processes by which Korean American adoptees have been rendered racially invisible, and how that invisibility facilitates their treatment as exceptional subjects within the context of American race relations and in government policies. *Invisible Asians* draws on the life stories of more than sixty adult Korean adoptees in three locations: Minnesota, home to the largest concentration of Korean adoptees in the United States; the Pacific Northwest, where many of the first Korean adoptees were raised; and Seoul, home to hundreds of adult adoptees who have returned to South Korea to live and work. Their experiences underpin a critical examination of research and policy making about transnational adoption from the 1950s to the present day. Park Nelson connects the invisibility of Korean adoptees to the ambiguous racial positioning of Asian Americans in American culture, and explores the implications of invisibility for Korean adoptees as they navigate race, culture, and nationality. Raised in white families, they are ideal racial subjects in support of the trope of colorblindness as a cure for racism in America, and continue to enjoy the most privileged legal status in terms of immigration and naturalization of any immigrant group, built on regulations created specifically to facilitate the transfer of foreign children to American families. *Invisible Asians* offers an engaging account that makes an important contribution to our understanding of race in America, and illuminates issues of power and identity in a globalized world.
