Historical Analysis of the Awareness
and Key Issues of the Insider Threat
to Information Systems

Matthew J. McAlister

Biblioscholar, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Since information systems have become smaller, faster, cheaper and more interconnected many organizations have become more dependent on them for daily operations and to maintain critical data. This reliance on information systems is not without risk of attack. Because these systems are relied upon so heavily the impact of such an attack also increases, making the protection of these systems essential. Information system...

Reviews

This pdf may be worth getting. It is actually written in straightforward words and not difficult to understand. You will not feel monotony at any moment of your respective time (that's what catalogs are for about should you request me).
