

How Long Things Live: and How They Live as Long as They Do (Paperback)

By Anthony D. Fredericks

Stackpole Books, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Solid science presented in an entertaining and informative way Filled with fascinating did you know? facts about extremely short- and long-lived creatures, as well as those in between A gall midge hatches, breeds, and dies in a 3-hour period. A bowhead whale can live for 200 years, a quahog clam 400. And box huckleberries growing today sprouted some 13,000 years ago. This fact-filled science book explains how and why some 99 animals and plants—including dragonflies, horses, dogs, snakes, humans, tortoises, sequoias, and jellyfish—live as long, or as briefly, as they do.
