

Physics for Scientists and Engineers: Volume 2 (International ed of 9th revised ed)

By Raymond A. Serway, John Jewett

Cengage Learning, Inc. Paperback. Book Condition: new. BRAND NEW, Physics for Scientists and Engineers: Volume 2 (International ed of 9th revised ed), Raymond A. Serway, John Jewett, As a market leader, "Physics for Scientists and Engineers Volume 2, 9E, International Edition" is one of the most powerful brands in the physics market. While preserving concise language, state-of-the-art educational pedagogy, and top-notch worked examples, the Ninth Edition highlights the Analysis Model approach to problem-solving, including brand-new Analysis Model Tutorials, written by text co-author John Jewett, and available in Enhanced Web Assign. The Analysis Model approach lays out a standard set of situations that appear in most physics problems, and serves as a bridge to help students identify the correct fundamental principle - and then the equation - to utilize in solving that problem. The unified art program and the carefully thought out problem sets also enhance the thoughtful instruction for which Raymond A. Serway and John W. Jewett, Jr. earned their reputations. "Physics for Scientists and Engineers Volume 2, 9E, International Edition" continues to be accompanied by Enhanced Web Assign in the most integrated text-technology offering available today.
