

Polymers: Technical Activities 1987 (Classic Reprint) (Paperback)

By L E Smith

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Polymers: Technical Activities 1987 There are many opportunities for innovation and cost savings that could be realized through more intelligent design and control of processing. Industry trends already reflect a need for more research on the fundamental principles involved in the processing of polymers. We have begun to study some applications of novel sensors for viscosity, flow, and mixing that are the beginning of an increased emphasis on providing this science base. One of the ways in which we provide technical services to industry and the scientific community is by making major measurement facilities available for collaborative research or, in some cases, for proprietary measurements. This past year we have opened up our 10-meter small angle x-ray scattering facility to outside users. These users have been interested in the structure of novel blend systems, the structure of high strength fibers, and measurement of structure in processed sheet and film. The facility is useful in measuring structures on a size scale in the 1 to 100 nanometer range. We welcome inquires from any other potential users.
