Higher Journeys. Paperback. Condition: New. 192 pages. Dimensions: 8.5in. x 5.5in. x 0.6in. What do human personality, paranormal phenomena, manifestation, and abundance all have in common Answer: A tethering to the spectrum of reality that is begging humanity to pay attention! Conscious Musings is an allegorical and literal composite of the world as it is and the world as it could be, weaving a common thread of spiritual consciousness, extraordinary experience, and creation powers to show that humans carry an inherent ability to transcend reality and themselves! Despite what appears to be inescapable challenge and inexplicable events anomalies that dont fit within normal experience, a world of milk and honey is a lot closer than we think, but with one critical caveat: We must exercise the act of honest contemplation. Is that all it would take to jumpstart a change in our reality and our world, individually and collectively According to this powerful volume by metaphysical researcher, essayist, and journalist Alexis Brooks, the answer is a resounding yes! She says, one must use unbiased introspection to realize where we are in our growth and evolution in order to root out the challenges and begin the process of embodying the solutions. The potential solutions can be seen and experienced through a myriad of lenses. Conscious Musings looks at the wide swings of consciousness as it relates to belief systems and world views, spiritual and revolutionary pursuits, ego and intuition, individualism and collectivism, the suppression or expression of paranormal experience, and the grounding of our innate metaphysical abilities into the physical world. Among the core premise, Brooks illuminates the phenomenon of out of body experiences (OBE), after-death communication, dreams and visualization, reincarnation and past lives, all within the context of realizing ultimate potential as part of our innate makeup. Included in this well-rounded...
