Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. An excerpt from the beginning. IN undertaking this elucidation of the problem of life, I would have it clearly understood that while I am not to be regarded as a Christian, yet I am essentially a man of very earnest religious convictions. There is perhaps a natural tendency in a Christian country for people to confuse and confound the terms religious and Christian, but the words are not synonymous. Furthermore, let me say that my outlook on life is essentially optimistic. Recently I read a sweeping indictment by some pessimist who in a diatribe against death impugned the earth as one vast charnel house, yet if, as he insists, death overshadows all phenomena and is the most dominant note in nature, necessarily then populations and all animal and vegetable species would have decreased in the course of ages - whereas, from their persistent increase it is obvious that life and birth must be a more dominant and insistent note than death. Assuredly any thinker in his fifth decade who is a pessimist has been traveling on the wrong highroad. But although today...
